“ Joe Louis Owens aka “Turk” aka “Lizard Lip” aka “Crab” aka “Terrapin” was my uncle but he was more like my oldest brother. We laughed and loved hard. He always had a way of lighting up a room when he walked in. Even when he made you mad you couldn't help but laugh; although, I didn't find it too funny when he would send us running for our lives after setting Fluffy (his attack mutt) loose to chase us! I'll always remember him picking the guitar or sing the Blues. I can still hear his voice in my head singing Turning Point and Mom's Apple Pie by Tyrone Davis. We followed the band like groupies throughout Alabama and Florida to hear him sing and play. He wasn't too bad with the harmonica either! We also had great times at work too! It was the highlight of my short tenure at Southland cutting up with him, Malcolm, QP, Tommy and the rest of the sanitation crew! I can credit Southland for driving me to join the Air Force! Man did he love Firebirds! I can say this with complete assurance, if want to see what a car or truck is made of....give Turk the keys! I swear he should have been the test driver for all the new model GM or Ford vehicles! So to my cousins Tabitha, Joey, and Brandon, I can't put myself in your place to say I know how feel but I can say trust in God and believe that he'll send a Comforter help you through these rough days! I love you all!
