“ I don't know Kearria, but she was in the room next to my uncle at Flowers hospital in SICU and the women that I talked to said that she loved and cared for everyone that needed her help and I found out today that my daughter had been working in her place for DSI. What to send my deepest condolences to the family and I can see that she was loved by many. She was also my cousin childhood friend. I pray that the lord give you all strength to endure the pain that you all are going through and my family is praying for you all.

SW

To Kearria's family and friends, our family is so very sorry. We are praying for y'all. She had a smile that lit up the room. She was such a funny person as well. And she was so smart. I haven't seen her in sometime and I hate that but the first thing I thought of was her wonderful smile. We will continue praying for you all.
