“ *Larance. You were my brother, my friend, and the greatest person I have ever met. I had never met someone and just instantly became best friends before I met you. I've never loved a friend as much as I love you. You were family. We will always be family. Watch over me brother. I love you.*

“ I'm going to miss you man, I remember when we first started talking after work one day and you were telling me how your favorite band was *Death Grips*, I was shocked that you even knew who they were and from there started our friendship. You had a great personality and saw things differently, I'm glad I had the chance to get to know you. I'm going to miss hanging with you bro, I wish I wouldn't have been asleep when you called me that night. It was always the 3 of us.
